RESOLUTION

ON THE

MANAGEMENT BY GOVERNMENT OF PRIVATE ESTATES

IN THE

CENTRAL PROVINCES

DURING THE YEAR ENDING SEPTEMBER 30TH, 1886.

NAGPUR:

PRINTED AT THE CHIEF COMMISSIONER'S OFFICE PRESS.

1887.

RESOLUTION

ON THE

MANAGEMENT BY GOVERNMENT OF PRIVATE ESTATES

IN THE

CENTRAL PROVINCES,

DURING THE

YEAR ending 30th SEPTEMBER 1886.

Extract from the proceedings of the Chief Commissioner, Central Provinces, in the Revenue Department, No. 538 S, *dated* 28th *May* 1887.

READ.—Reports by Deputy Commissioners, with remarks by Commissioners, on the working of estates under Government management, during the year ending September 30th, 1886.

RESOLUTION.—The number of private estates under Government management at the close of the year under report was 122, being 12 more than the number under management at the close of the preceding year. The management of 16 estates was assumed during the year, and that of 4 estates relinquished. The corresponding figures for the preceding year were 11 and 9 respectively. The work thrown upon the Administration in connection with the management of private estates, on account of the minority, lunacy or indebtedness of the owners, shows a tendency to increase, notwithstanding the fact that it had, when compared with the extent of the Provinces, long since attained very considerable magnitude. The 122 estates which were in the charge of Government officers at the close of the year, cover an area of close upon 6,400 square miles, include 3,386 entire villages, and possess an annual income of 14½ lakhs of rupees.

2. Only 69 of the estates are managed by Government in the capacity of a Court of Wards or under the Minors and Lunatics Acts, the remaining 53 estates being held by virtue of agreements with their proprietors. The Government Wards Act only came into force at the beginning of the year, and as the operation of the old Court of Wards Regulation was limited to the eight districts which formerly constituted the Saugor-Narbada territory, there was up to that time, so far as a large portion of the Provinces was concerned, no legal basis for the management of private estates by Government, unless they fell under the purview of the Minors or the Lunatics Acts. A large number of estates had however been taken under management on account of the indebtedness of their owners in virtue of agreements by which the owners surrendered their estates to the Deputy Commissioner, until their debts were paid off. The great drawback to this arrangement is, as was pointed out in last year's Review, the freedom which it leaves to the owners to incur fresh debts while their estates are under management, and it appears from the reports now before the Chief Commissioner that in several cases proprietors have been incurring new liabilities whilst the officers of the Government have been endeavouring to free them from liabilities contracted in the past. This would be prevented were the estates brought under the Government Wards Act. This

course has already been followed in the case of the indebted estates in the Nagpur district. The Government Wards Act was not of course designed to be an encumbered estates Act, but advantage may be taken of its provisions to place the management of encumbered estates on a more satisfactory footing. The Chief Commissioner can see no reason why the Government should continue to manage estates, the owners of which are frustrating its efforts, and frequently violating the pledges of their agreements, by contracting fresh debts. In all such cases certainly, and in all other cases of management on account of indebtedness, unless there be strong reason to the contrary, the option should be given to the proprietors of taking back their estates, or of applying formally for a declaration of disqualification under the Government Wards Act.

3. The total amount of the debts due from embarrassed estates under management is Rs. 13,25,113. Details of the progress made in liquidating debt are given in Statement VI. The figures relating to the following estates are noticeable either on account of the magnitude of the debts owed by them or on account of the slowness of the process of paying the debts off—

District.	Estate.	Debt on September 30th, 1886.			Year in which management assumed.	Amount of debt paid off.					
						Previously.			During year.		
		Rs.	a.	p.		Rs.	a.	p.	Rs.	a.	p.

Sambalpur ...	Phuljhar ...	72,538	12	9	1885	.....			230	0	0

The circumstances of the *Etawa* estate were alluded to in last year's Review. It has been under management for six years, with the result that its debt has been reduced by considerably less than a sixth. The position of this estate has been carefully considered by the Deputy Commissioner and Commissioner dur-

ing the year, but the most that can be expected is that it will be cleared in seventeen years more. The estate was very heavily embarrassed, and the assumption of its management by the Government seems to have been a measure of doubtful expediency. In regard to the *Bhoragarh*, *Kampur* and *Pondi* estates in the Jabalpur district, a striking point is the smallness of the instalment paid off during the year. The reason ascribed by the Deputy Commissioner for this is the shortness of the rent collection, which will be noticed further on. The circumstances of the *Hatta* and *Bhadra* estates, in the Balaghat district, have been the subject of correspondence during the year, and the arrangements for the repayment of their debts have been made more effectual. The *Phuljhar* estate in the Sambalpur district came under management during the year under report, having been brought to the verge of bankruptcy by its owner, a childless widow.

The Chief Commissioner is by no means sure that Deputy Commissioners have not been too ready in the past to undertake the management of estates which have been encumbered by the carelessness or extravagance of their proprietors. The assistance which Government can render in this way to the old families of the Province adds no doubt something to its popularity. But in Mr. Mackenzie's opinion the relief thus afforded should be limited to cases in which there are good political grounds for laying fresh burdens on district officers. and in which the conduct of the proprietors has not been such as to render them undeserving of consideration and assistance. Sufficient discrimination has not he fears been shown in taking over charge of estates, and signs are not wanting which indicate the growth of a disposition on the part of extravagant proprietors to look upon the interference of Government on their behalf as a matter of course, and to consider that the moderate amount of restraint which it involves, is a sufficient atonement for years of reckless expenditure. The Chief Commissioner desires that in future Deputy Commissioners and Commissioners will scrutinise these applications with more care, and no estate will be taken over in which a declaration of disqualification under the Government Wards Act is not agreed to by the proprietor: or in which there is not a reasonable prospect of clearing the property within a limited term of years.

4. The receipts of the year are shown in Statement II. Excluding initial balances in hand, recoveries on account of the principal of loans and sums raised by loan, they amounted to Rs. 14,49,209-3-7, of which Rs. 9,19,617-6-1 consisted of rents. The rental collections are contrasted with the demand in Statement IV., and the Chief Commissioner considers that the details given by this statement are in the case of some districts not at all creditable to the management. The total rental demand for the whole body of estates was Rs. 12,34,580-11-11, and the collections against this amounted to Rs. 9,63,014-8-3, leaving a balance of Rs. 2,71,566-3-8 (equal to 22 per cent on the demand) of which *no less than Rs. 1,30,337-5-6* (amounting to 13 per cent on the current year's demand), is shown as on account of the current year. This very unsatisfactory result is mainly due to shortness of collection in the Jabalpur and Narbada Divisions, for the balances in the Nagpur and Chhattisgarh Divisions are comparatively small. The percentage of balance on the demand for the current year is only 5 in the case of the Nagpur, and 0·3 in the case of the Chhattisgarh Division, if the Phuljhar and

Borasambar estates (which were only taken up during the year) be excluded. On the other hand, the percentage of balance to demand on account of the current year is 20 in the case of the Jabalpur, and 14 in the case of the Narbada Divisions. Mr. Mackenzie considers that the existence of so large a balance is a matter requiring the careful attention of Commissioners. If the figures for individual estates are scrutinized, the result is still more unsatisfactory. In the Jabalpur district 31 per cent of the current demand remained uncollected. In the case of an estate in this district (Bhaironghat) only half the demand was collected. The inefficiency of the rent collection of this district was specially noticed in last year's Review, and the Chief Commissioner regrets that the Deputy Commissioner should have been unable to place it on a more satisfactory footing, and should apparently content himself with blaming the District Estate Manager. The remarks made in last year's report show that the Deputy Commissioner was aware of the Manager's shortcomings, and he should therefore have taken special care that he was not left undirected and uncontrolled. The Manager has now been removed, and it is expected that improvement will result. The balance on the current demand is also very large in the case of the Narsinghpur district, amounting to 22 per cent, and the explanations which are given for this are not sufficient. A District Estate Manager has lately been appointed to this district, and better results should have been shown. The circumstances of all estates in which considerable balances remain should now be taken up in detail by Commissioners, and arrangements made for clearing them off as rapidly as possible.

5. The expenditure of the year is shown in Statement III. The largest item is the Government land revenue and cesses, which absorb, however, less than 30 per cent of the gross income. The cost of management is reported to have been Rs. 90,361-5-0, which falls at the rate of only 6 per cent on the gross income. During the past two years the district managing establishments have been carefully examined and revised, and in the case of the eight districts whose names are noted on the margin, Native District Managers have been appointed on salaries ranging from Rs. 50 to Rs. 400 per mensem. The cost of the central and local managing establishments entertained in each of these districts is given below, with details of its incidence on the annual income from land.

Saugor.
Jabalpur.
Narsinghpur.

Nagpur ...	7	2,59,056 0 0	5,600 0 0	10,640 0 0	4·1	21,216 0 0	8·1
Bhandara ...	5	91,142 8 7	960 0 0	1,320 0 0	1·4	600 0 0	·6
Raipur ...	9	67,777 15 1	2,100 0 0	4,576 0 0	6·7	7,254 0 0	10·7

Except in the case of Jabalpur and Narsinghpur, where, as remarked above, large balances have been allowed to accrue, the appointment of District Estate Managers has apparently resulted in an increase of efficiency. The District Estate Manager of Raipur has done particularly well.

6. At the close of the year there was an uninvested balance of Rs. 4,89,960-13-2. A comparatively small sum (Rs. 32,274-12-9) was spent on estate improvement. Mr. Mackenzie would be glad to see more done in this direction, though he is aware that in these Provinces there is not so much room for investment of money in land improvement as in some other parts of India. Still, there can be no doubt that a good deal more might be done in this way than has yet been attempted. The Director of Agriculture will always if consulted be ready to assist Deputy Commissioners in considering schemes of this nature, and the Chief Commissioner desires that in the next Annual Report, in the case of each estate which has surplus funds, full justification may be given of any failure to give effect to these instructions. In the case of some estates large balances have been allowed to accumulate in the treasury. These when not at once required for works of improvement should be spent in the purchase of Government paper.

7. Some details of the litigation under the Tenancy Act, in which estates were involved, are given in Statement V. Except in the Nagpur district the figures are however insignificant. Notwithstanding the large arrears of rent which have been allowed to accumulate in the Jabalpur and Narsinghpur districts, the number of suits brought for arrears is quite trifling. Mr. Mackenzie is of opinion that, although in dealing with its tenants the Court of Wards should set an example of forbearance, yet there ought not to be such an entire abrogation of the rights of a rent-receiver to realise his dues as is apparent in the returns of very many of these estates.

J. B. FULLER,

Offg. Junior Secretary to the Chief Commr.,

Central Provinces.

The 28th May 1887.

NOTE.

Estates managed under the Court of Wards' Regulations are marked	...	... (*a*)
,, ,, Minors' or Lunatics' Act are marked	...	... (*b*)
,, in virtue of an agreement with the proprietors are marked...		... (*c*)

(b) Barha.—(*Income Rs.* 1,930, *Liabilities Rs.* 3,303). This estate comprises two villages of Barha and Talanpur, of which the latter is revenue free. The proprietor, Raja Mardan Shah, a relative of the Pitehra Raja, is a criminal lunatic. His present age is about 38 years and he is in the Lunatic Asylum at Jubbulpore. Col. H. M. Repton, Deputy Commr.

The savings of the estate go to reduce the debt. His three wives receive Rs. 10 each per mensem for maintenance. The villages are under direct management.

The debt will be fully discharged in about five years.

The arrears of rents Rs. 172-12-0 will, it is hoped, be recovered during the current year. A hail storm injured the rabi crops of this estate and so the collection has been suspended till next harvest.

(c) Pitehra.—(*Income Rs.* 32,714, *Liabilities Nil.*) There are eighty-six whole villages in this Taluka of which thirty-six are under direct management and the rest are farmed.

The arrears of rents amounting to Rs. 2,768-5-4 are recoverable. The proprietor is aged 20 years and management will terminate therefore in a year. He left the Rajkumar College, Jubbulpore, in March last owing to ill health, certified by the Civil Surgeon. He has learnt English and was, on the recommendation of the Principal of the above College, supplied with a photographic apparatus. His monthly maintenance allowance is Rs. 70 and that of his dependents Rs. 150. One of the dependents, Rani Amar Kuar, grandmother of the ward, died in August 1886, and Rs. 300 a year is thus saved to the estate. It is proposed to invest the cash in hand in Government securities. The Karindas and Assistants employed for the estate furnish adequate security.

(*Remarks by Commissioner.*—This estate will shortly have to be made over to the owner: but the Deputy Commissioner may still be able to spend part at least of the balance in hand on improvements instead of leaving them unused.)

(a) Garhakota.—(*Income Rs.* 8,793, *Liabilities Nil*). This is a small estate of two villages under direct management. The proprietors, Harpershad and Piarelal, aged respectively 21 and 19 years, are now residing at their home in Garhakota. The elder brother failed for the Entrance examination at Jubbulpore, and both the brothers who were studying up to April last in the Jubbulpore High School have now left as they do not care to proceed with their studies. Both are married and have enjoyed good health but are unmanageable,

(a) Dhana.—(*Income Rs.* 55,510, *Liabilities Nil*). This estate consists of fifty villages or shares of villages, of which the superior proprietary right only in twelve appertains to the estate: the remainder are under direct management.

The proprietress has attained the age of fourteen years and enjoys good health. Her marriage is pending settlement by her relatives. She reads and writes Hindi well. Her further progress in Arithmetic is at present suspended owing to the want of a suitable female teacher.

Out of the large cash balance in hand it is proposed to invest Rs. 30,000 in Government securities during the current year.

(*Remarks by Commissioner.*—There is a very large balance at the credit of this estate. It is time that a great portion was invested in improving the estate. The Deputy Commissioner, Colonel Repton, joined the district only at the beginning of the hot weather and he knew nothing about the estate, so he has not been able to submit any scheme for improvement. He has promised to do so after seeing the village.)

(c) Rehli.—(*Income Rs.* 8,402, *Liabilities Rs.* 3,042.) The proprietor of the estate, Rao Nirpat Singh, is not only of age, but is fully competent to manage his estate, and is Secretary of the Local Board and Member of the District Council. The estate was taken under

management in the lifetime of the ward's father in 1877. The bulk of the debt has been discharged. The small amount of Rs. 3,042 which is shown as still due, could be paid at once from the cash balance in hand, but being payable by annual instalments of Rs. 400 with a very low rate of interest (Rs. 3 per cent) Nirpat Singh did not care to pay it off and finds it more convenient to leave his estate under management. But Nirpat Singh has now come forward to propose that the estate be made over to him, and a proposal to do this will be submitted to the Chief Commissioner for sanction.

(*Remarks by Commissioner.*—Rao Nirpat Singh will now himself manage his affairs.)

(*a*) Tajpur.—(*Income Rs.* 1,582, *Liabilities Rs.* 7,348). The Court of Wards manages this little estate owing to the minority and indebtedness of the proprietor. He is a lad of eleven years, living with a widowed mother at Saugor. He attends the High school and is in the Middle school course.

The bulk, in fact all the available income, of the property is devoted to the discharge of the debt. During the year under report Rs. 600 were paid, out of which Rs. 329-13-4 went against interest and Rs. 270-2-8 against the principal. The creditor is Seth Ballabh Dass Juwan Dass, and the rate of interest is 4½ per cent. The single village belonging to this minor is held on farm for two years more, after which some little addition to income may be expected.

(*c*) Etawa.—(*Income Rs.* 11,593, *Liabilities Rs.* 32,461). The proprietor is not a minor, but being very heavily in debt, is obliged to resort to the Court of Wards' management. Acting on the remarks and orders of the Chief Commissioner and Commissioner in the last printed report, the ways and means of this estate were thoroughly examined and a special report submitted about it in letter No. 3464, dated 12th October 1886.

The Talukdar has agreed to defray his current expenses from his income in the Kurvai State and to reduce the charge of maintenance which amounted to Rs. 432 and it has been decided that the cost of management (Local and Central) shall not exceed Rs. 360 a year.

It is calculated that at least Rs. 3,000 will be paid every year towards the reduction of the debts, which will thus be paid off altogether in about seventeen years. It is, however, expected that as some of the leases of the villages fall in, larger profits will accrue and the period of management and indebtedness shortened considerably. During the year under report the Court of Wards was able to pay Rs. 3,200 instead of Rs. 2,500 which is the promised annual instalment.

(*Remarks by Commissioner.*—The affairs of this estate were anxiously considered by the Deputy Commissioner and myself and we went very carefully into the circumstances of the estate. Only the utmost economy can save the estate, which the Government is bound to endeavour to do.)

(*a*) Rehli (Krishna Rao)—(*Income Rs.* 6,145, *Liabilities Rs.* 1,023). The estate consists of three villages, *viz.* Rehlikhas, Dhangaon and Chaturbhata. The late proprietor, Rao Krishen Rao, was a member of the Bench of Honorary Magistrates of Saugor. His death which occurred in February 1885 was either suicidal or caused by accidental drowning. He left two minor sons and an old mother. Gopal Rao and Gobind Rao are now aged respectively 15 and 13 years. They and their estate were looked after by their grandmother, assisted by a Karinda and the elder of the two minor sons. The education of the sons and the improvement and management of the estate being in an unsatisfactory condition, proposals were made for taking the property under the Court of Wards' superintendence and to educate the young lads. But the grandmother objected to this proposal of direct management by the Court of Wards. She, however, consented to have her own relation, Rao Gobind Rao, one of the Talukadars of Jaysinghnagar, placed in charge as a special manager under the Court of Wards Act, and this has been done under Chief Commissioner's sanction received in Secretary's letter No. 142 S, dated 5th February 1886, and Rao Gobind Rao took charge on 7th April 1886.

The elder son's marriage was celebrated during the year under report: both the lads are now at the Saugor High School.

At the close of the year under report, both the minor sons and their grandmother went on a pilgrimage accompanied by Rao Gobind Rao, special manager, to Benares, Gaya and further on *via* Calcutta to Jagannath. They returned recently, and this absence of Gobind Rao delayed the submission of these annual returns.

DISTRICT DAMOH.

(c) Sanbarrah.—(*Income Rs.* 2,786, *Liabilities Rs.* 2,965).—The net profits of this estate during the year under report, after payment of the Government revenue and other fixed expenditure, amounted to Rs. 2,386-7-10. This sum is shown in Statement III. as balance in hand uninvested. But since the close of the year a sum of Rs. 1,795-6-7 has been paid out of this balance towards liquidation of the debt still due by the estate, so that virtually a balance of Rs. 1,169-9-5 only remains to be paid which, it is expected, will be cleared off during the current year. Lt.-Col. T.W. Hogg, Deputy Commr.

(c) Balakot.—(*Income Rs.* 2,408, *Liabilities Rs.* 200).—This estate was first taken under Court of Wards management seven years ago, namely, in the beginning of January 1880, on account of its indebtedness. The total liabilities of the estate then amounted to Rs. 5,352. Up to the close of the year under report the whole of this debt had been liquidated with the exception of an item of Rs. 200-5-6, but this sum has since been paid off. The estate will now be handed over to the proprietors, and application to do this has been submitted for the Chief Commissioner's sanction.

(c) Khari Deori.—(*Income Rs.* 9,410, *Liabilities Rs.* 7,263). This is the first year of management. The owner Raja Latkan Singh is a Gond of an old and respectable family who of his own accord applied that the estate might be taken under the Court of Wards' management. The total liabilities of the estate at the time of its being taken over were Rs. 7,262-10-6 and a lump sum of Rs. 8,000 was borrowed from Rai Bahadur Seth Gokuldass of Jubbulpore out of which the demands of all creditors were satisfied. Before the close of the year under notice, a sum of Rs. 7,937-5-6 was repaid and since then a further instalment of Rs. 1,000 has been sent. It is proposed to pay Rs. 1,000 per annum towards liquidation of the amount borrowed, so that it will take seven years before the estate becomes solvent.

A portion of the "Sir" land has been assigned to the Raja for his maintenance and he is also allowed an annual allowance of Rs. 250 for personal expenses.

DISTRICT JABALPUR.

(a) Imlai—(*Income Rs.* 16,996, *Liabilities Nil*). This estate is under the management of the Court of Wards on account of the minority of the ward, who is a student in the Rajkumar School. Mr. C. W. McMinn, Deputy Commr.

The estate consists of one-hundred and fifteen villages. The demand for the year under report, including arrears, was Rs. 15,543-8-3, and collections Rs. 11,438-4-3. Rs. 359-9-3 have been written off as irrecoverable debts.

The total outlay on account of improvements during the year were Rs. 1,382-9-9. As expressed last year, Rs. 944-8-0 were used in the improvement of the Kundam tank. A windmill for Rs. 328 has also been purchased.

The ward, Lulloo Saheb, was married in June last to the daughter of Thakur Ram Singh of Rohonia.

(*Remarks by Commissioner.*—Very little has been done towards the improvement of this estate. The new Superintendent should, under the Deputy Commissioner's direction, inaugurate a new policy in this matter. The former Superintendent was, I know, unequal to any thing of the kind, and the Deputy Commissioner, unless the Superintendent is active, intelligent and enterprizing, cannot, from the multiplicity of his occupation, effect much).

(*c*) Bhoragarh—(*Income Rs.* 23,534, *Liabilities Rs.* 86,207). This estate has been under Government management since 1875 owing to the indebtedness of the proprietors. Behwar Nirput Singh collects rents and looks after the villages assisted by the Court of Wards establishment. The amount outstanding is very large. This is attributed to the failure of crops, but this cannot be accepted as a satisfactory explanation. Behwar Nirput Singh has not taken the trouble to realize rents from his Asamees; there were no suits filed and he did not request that any should be filed; the result has been a large balance, and this year no payment was made towards the liquidation of the principal.

The only item of expenditure calling for notice was a sum of Rs. 1,500 paid to Behwar Nirpat Singh for his marriage. This was an unforeseen and unavoidable expenditure and was allowed.

(*a*) Lamkhana—(*Income Rs.* 7,332, *Liabilities Rs.* 17,375). This estate is under the Government management owing to the indebtedness of the proprietor. Sardar Singh is dead and his son's nephews cultivate the seer land for which they pay no rent. They cultivate besides Kashtakaree lands for which also they pay no rent. During the year Rs. 609-10-11 were written off as irrecoverable on this account, a large amount still remains uncollected owing to indifferent crops. Should the rents be collected, even then the debts will not be paid off in less than twelve or fifteen years more, as besides the debts shown in the statement, Sardar Singh has contracted other debts to the extent of Rs. 9,000; the sons and nephew of the deceased are now negotiating to raise a loan to pay off the debts; should they succeed in doing so, the debts would be paid off and the estate made over to them. The fact is that the Court of Wards is in charge of the estate under a tripartite agreement between owner, Deputy Commissioner and the principal creditor, Seth Gocul Dass.

(*a*) Bhaironghat—(*Income Rs.* 20,545, *Liabilities Nil*). The total demand of the year was Rs. 22,960, of which only Rs. 16,589-9-7 were realized and nothing of the former balances.

In Belkharoo the demand was Rs. 4,859-9-0, and not a single rupee was realized during the year. The same remarks apply to Jhalon and Kharugpore villages.

The Superintendent could offer no explanation for Belkharoo. But since the close of the year Rs. 3,783-14-0 have been realized and credited in the Treasury.

Poorander Singh, the proprietor, will attain majority shortly. When asked to state the cause of the large arrears in Belkharoo, he explains that the cotton crops having partially failed, the cultivators were in straitened circumstances and were not pressed for the rents. The reasons put forward are not satisfactory. The new Superintendent has joined. He is a man of experience in estate management, and a special report will be submitted before the close of the year. It is believed that the young Thakur has been taking advances from his tenants. It will have to be decided shortly whether the minor brothers are entitled to share or not.

(*Remarks by Commissioner.*—This report is not more satisfactory than was that of last year. The new Superintendent must make it an early duty to report specially on the circumstances of the estate and the cause of arrears accumulating. He must also submit a scheme for improving the estate by judicious expenditure).

(*a*) Khetola—(*Income Rs.* 13,726, *Liabilities Nil*). This is a solvent estate. The amount outstanding is large. There were no suits filed for arrears of rent. The tenants plead partial failure of crops as excuses for delay in payment; efforts are being made to realize the arrears; none of the items are irrecoverable.

The amount of balance in hand is very large. The relations of the minor are very anxious to celebrate his marriage this year; about five or six thousand rupees will be required for this purpose, and the balance will be advanced on interest to other estates requiring funds to pay off debts.

The minor is progressing well at the Rajkumar School; he is also steadily improving in health.

(*a*) Pondi.—(*Income Rs.* 18,014, *Liabilities Rs.* 31,546). The amount of arrears is very large. This is mostly due to failure of crops and losses sustained by the Lac contractors owing to low prices of Lac; of the arrears due Rs. 1,827-8-0 are due from Lac contractors, and Rs. 215, are due from one contractor who had purchased the grass Bir of Munsakara. It was owing to quarrels that the contractor purchased the Bir for Rs. 425; this year with difficulty Rs. 115 were realized by the sale of the same Bir. There were only four suits filed for arrears of rent. The tenants are not well off, and as the crops for the past two years were not very good, the tenants have not been able to pay. The tenants are treated very leniently and suits are not filed indiscriminately against them. The measure is only resorted to in the case of obstinate tenants.

The minor is making fair progress at the Rajkumar School and his health is good. The balances are much too large. The matter will be investigated next month.

(*Remarks by Commissioner.*—In the case of this estate too, the manager should make it his duty to enquire into the condition of the tenants and see whether the rents are fair. It is not satisfactory to find tenants falling into arrears and having to give bonds to the landlord. The Court of Wards may treat these men leniently but it should aim at setting them on their legs again and helping them to free themselves from the load of debt).

DISTRICT MANDLA.

Col. T.H.B. Brooke, Deputy Commr.

(*a*) Madhopur.—(*Income* Rs. 5,497, *Liabilities Rs.* 13,043). The estate is managed under the supervision of the Mandla Tahsil staff. A temporary Moharir was entertained for a few months for collection of revenue of the three estates now under direct management, but his services have been dispensed with. He was paid proportionately from the income of the three estates. Arrangements have been made with the Mukadums of the villages for the collection of revenue, paying them a small commission.

(*a*) Singharpur.—(*Income Rs.* 2,497, *Liabilities Nil*). Of the two minors, the elder, Dyaram Tewari, regarding whom a report was submitted last year, is under the immediate control of a relative of his, who is a Chief Constable in the Mandla police, and is making some progress. The younger, Gyaprasad Tiwari, is studying in the English school here, and is very regular in his attendance. Both of them are in perfect health.

(*Remarks by Commissioner.*—It is time the Deputy Commissioner should begin to think about spending some of the cash balance in improving the estate. It will not be desirable to have large accumulations when the estate is handed over to the owner on his attaining his majority).

(*a*) Ghagha.—(*Income Rs.* 5,339, *Liabilities Rs.* 819). This estate was taken under the Court of Wards during the year under report under the authority of the Chief Commissioner conveyed in his Secretary's letter No. 462 S., dated 7th July 1885. It contains twelve villages. It was taken up for the purpose of liquidating an old debt of the family.

There are two proprietors with equal shares. The elder is Brijanund Tewari, aged about 15 years, and the younger, Kanhyalal Tiwari, aged about nine years. The estate had a debt of Rs. 5,268-12-6 when it was taken under Government management. Debt to the extent of Rs. 4,449-10-10 have been liquidated by sale proceeds of live stock and other moveable property such as jewels, grain, &c., leaving a small balance of Rs. 819-1-8. The estate itself has a balance of Rs. 276-2-1 to its credit in the Treasury. The whole of the remaining debt will, it is hoped, be paid on realization of next kists.

All the villages attached to the estate have been kept under direct management.

DISTRICT SEONI.

Mr. D.O. Meiklejohn, Deputy Commr.

(a) Dhuma.—(*Income Rs.* 4,921, *Liabilities Rs.* 5,379). The receipts for the period under report including balances of previous years have been Rs. 9,587-5-6 and the expenditure has amounted to Rs. 4,502-15-4, leaving a balance of Rs. 5,084-6-2 at the close of the year under report. Rs. 336 on account of arrears of rent remained unrealized at the close of the year owing to the suspension and dismissal of the Sazawal.

The health of the minor has been good and he continues to make good progress in his studies. Of the sum of Rs. 14,400 due on account of debts at the time the estate was taken under Government management, only Rs. 5,400 remain to be paid.

(*Remark by Commissioner.*—The large cash balance can be devoted to paying off the debt.)

(c) Khursipar.—(*Income Rs.* 1,848, *Liabilities Rs.* 5,232). The receipts during the period under report, including balances of previous years, have been Rs. 2,009-5-8, and the expenditure has been Rs. 1,793-0-6, leaving a balance of Rs. 216-5-2. The allowance paid to the tahsil official has been discontinued since the appointment of an Accountant for all the estates whose pay is charged rateably to the estates. The rents were realized before the close of the year with the exception of Re. 1 which is recoverable. Of the sum of Rs. 10,000 due on account of debts at the time the estate came under Government management, only Rs. 5,232 now remain to be paid.

(a) Lakhnadon—(*Income Rs.* 4,433, *Liabilities Rs.* 16,974). One of the proprietors who is a minor lives in Seoni. He is making fair progress in his studies and his health has been good during the year under report. The whole of the rents were realized before the close of the year.

Of the loan of Rs. 23,500 borrowed from Seth Goculdass for the payment of debts against the estate, about Rs. 6,500 have been repaid.

(a) Maina Piparia—(*Income Rs.* 8,842, *Liabilities Rs.* 8,500). The management of this estate was assumed on 5th August last owing to the indebtedness of the proprietor. The income of the estate is roughly Rs. 1,918 and after payment of the Government demand and other charges, a net surplus of about Rs. 1,230 remains in hand. A loan of Rs. 8,500 has been obtained from Seth Goculdass at 6-12-0 per cent per annum interest, with which the liabilities of the estate have been settled.

DISTRICT NARSINGHPUR.

Col. A. Bloomfield, Deputy Commr.

(a) Bagaspur—(*Income* Rs. 2,030, *Liabilities Nil*). The proprietor is a boy of eighteen years. He was studying in the Zillah School here and had read up to the Hindi class. It was intended to put him in the English class, but the youth desired only to take to cultivation. Consequently sir lands were given to him on a fixed rental to test how he could manage. During the year he was not very successful but for this he was not altoge-

ther to blame as the year's harvest was indifferent. He now resides at Bagaspore with his mother in the family house. Mr. Tawney had intended to erect a better house for the minor, but no steps have been taken in this matter. The cash in hand having been reserved for the above work no other improvement was proposed.

(c) Umeria—(*Income* Rs. 9,130, *Liabilities* Rs. 16,995). Hitherto this estate has been managed under an agreement for the liquidation of a debt of Rs. 27,000 due to Rai Bahadur Seth Gokuldass. The Court of Wards only collected rents due from cultivators and did not interfere in the internal arrangements of the family. They had seer lands and the village forests entirely under their own control. Mussamat Piari Bai, a widow of some fifty years of age, is the proprietress. The circumstances under which the estate was recommended to be taken under the Court of Wards has already been detailed in this office letter No. 1644-6 E. 13, dated 5th May last, and the Chief Commissioner's sanction to this effect was granted in the Officiating Junior Secretary's letter No. 378S., dated 9th June last. From that time the estate has been managed entirely under the Court of Wards. Mussamat Piari Bai has been allowed Rs. 50 per mensem in addition to a small cultivation for the maintenance of the family. No one except the tenants, who have a right thereto have been allowed to have recourse to village forests. The young minors Rao Gopal Singh and Kami Bai, who are aged nine and seven years respectively, have been allowed to remain under the guardianship of Mussamat Piari Bai. Both the children are in good health. The boy attends the village school at Umaria and is in the 3rd Hindi class.

Balances in the villages of Umaria, Bondarkola and Chinki are rather large. The tenants of this *Ilaka* are very poor and the soil is inferior, and if there is not a timely fall of rain the crops become withered. During the year under report, kharif crops were pretty good and the first kist was all paid up, but the latter crop not being favorable very little was collected at the time of chait kist. Grain advances were also made to the cultivators in addition to land rent.

The late Rao Manohur Singh, son of Piari Bai, had always been allowed to make collections for the Court of Wards. He had made large collections in the absence of the Moharir, and spent all on himself. The Moharir has since been dismissed for absenting himself from his duties. Manohur Singh not having paid his collections into the treasury, the arrears were demanded, but almost all the cultivators pleaded their payment to Manohur Singh. Some produced receipts written by him, others said that as he (Manohur Singh) was sick he gave none. Such being the case, a full inquiry had to be made regarding the true statement of things and the result of the enquiry was reported in letter No. 2543-6 E. 13, dated 22nd July 1886.

(*Remarks by Commissioner.*—There has been some mismanagement of this estate, but the present Deputy Commissioner Colonel Bloomfield has put things on a proper footing and there is every remote hope that the liabilities will now be cleared off.)

(a) Imjhera—(*Income* Rs. 26,246, *Liabilities* Rs. 3,397). Raja Bhan Partab, the proprietor, is studying in the Jubbulpore Rajkumar School and is making steady progress and is well spoken of by the Principal. At the last annual examination Mr. Thompson, the Circle Inspector of Schools, wrote as follows :—

> "Bhan Pertap, age 13, of Imjhira, Narsinghpur district, attended one hundred and three out of a possible one hundred and six. He is a good attentive student; has made good progress, did best of all in Arithmetic."

The health of the boy remained good during the year.

During the year every effort was made to realize as much as possible of the demand, and it is hoped that by the end of the current year, should the season prove favorable, the balances will be reduced to a minimum. The house at Narsinghpur is nearly complete and the accounts will soon be settled.

(*b*)Chhindwara—(*Income Rs.* 949, *Liabilities Nil*). The minor, Bansidhar, is seventeen years of age. He lives at Chhindwara and has a small comfortable house. He has opened a shop of miscellaneous articles with a capital of Rs. 2,000. His business used to go on pretty well, but lately it has been discovered that he has taken to somewhat bad company. Twice he was brought before a Magistrate for petty street quarrels. He has been warned to work carefully and that if he does not mend his ways, he will be brought here and kept under the eye of the Deputy Commissioner.

(*Remarks by Commissioner.*—The propriety of the Court of Wards nursing this petty shopkeeper seems very questionable. The estate is solvent and if the minor is competent to open a shop and trade, the Court of Wards might be rid of him).

(*a*)Narsinghpur—(*Income Rs.* 25,936, *Liabilities Rs.* 89,129). The proprietor, Rao Sheobaran Singh, is eight years old. He is under the guardianship of his mother Mustt. Sachoo. The boy is decidedly delicate and consequently great care has to be taken of him. During this year his health was fairly good. The marriage of Narbadda Bai, his sister, was solemnized during the year at a cost of Rs. 2,500 as sanctioned by the Chief Commissioner. The details of the marriage were left to the mother. She was married to the son of Latorey Jat of Patharia. The girl is still with her mother and attends the girls' school here and is in the 3rd Hindi class. The boy, Rao Sheobaran Singh, attends the Zillah school and is still in the 1st Hindi class.

The collections of this estate are not good. The cultivators of Narsinghpur, Deori, Khairi and Rehli are especially very troublesome. They are not well off and always bring forward some trifling excuse for the delays or failures in paying up their rents. In some cases the tenants have not paid their rents for two or three years. This year precaution has been taken to let fields under the control of the Deputy Commissioner, to respectable men of means and ejecting those in arrears. In the case of other tenants, suits will have to be filed for the recovery of arrears of rent and then have them ejected.

During the year every effort was made to realize as much as possible, and considering the inferiority of the harvest, the collections were not bad.

There were in all twenty-four cases for arrears of rent amounting to Rs. 1,126-10-3; of this Rs. 1,053-1-1 were decreed. The remainder was disallowed on technical grounds. Of the sum decreed, Rs. 210 have been realized. Besides Rs. 730 were realized from last year's decrees. This year, again, the progress in liquidation of debt was unavoidably small and had it not been for the expenses of the marriage, Rs. 4,000 principal would have been paid.

(*Remarks by Commissioner.*—The liabilities of this estate, when management was assumed on 18th July 1879, were Rs. 98,000 and the balance at close of the year under report was Rs. 89,129-1-1, so that during seven years of management only about Rs. 9,000 have been paid off. If the estate is to be cleared within any reasonable time, greater efforts must be made to reduce the liabilities. The present Deputy Commissioner, Colonel Bloomfield, as his report shows, is evidently taking great trouble in this respect and I trust his efforts will be successful.)

(*a*)Bohani—(*Income* Rs. 5,140, *Liabilities* Rs. 2,750). The minor still lives with Thakur Dhiraj Singh of Singhpur an Honorary Magistrate, who thinks it below his dignity to take anything for the support of the minor. As he had been found to take proper care of the boy there is no necessity to remove him. The boy now attends the Zillah school here, and is in the 1st English class. He is regular in his attendance. His health during the year remained good. Mr Tawney intended, if his relatives wishes it, to get the boy married to Kakar Chaitram's daughter; since then enquiries have been made, and it is found that many of the relatives were strongly opposed to it, so the matter was dropped.

As in previous years, Kakur Chaitram who is the Mukkadum of the village, was allowed to make collections. Special orders were however given to the Moharir that he is responsible for the proper work and not Kakur Chaitram. The work was indifferently done by the Moharir and it was only at the end of the season that the collections were properly made with vigour. Land rent amounting to Rs. 5,686-4-6 were collected before the end of the year. Of this sum, Rs. 5,080-3-0 have been credited in the Treasury and with the orders of Mr. Tawney, the balance paid to Kakur Chaitram for embanking seer fields and erecting an enclosure wall to the minor's house at Bohani which it is estimated will cost Rs. 273 and Rs.333-4-6 respectively. The former work has been completed and the latter is in progress. These works have not been shown in Statement VIII owing to the non-adjustment of the accounts. Kakur Chaitram had hitherto taken great interest in the minor's welfare, but since the intended marriage of the minor with his daughter was broken off: his zeal has to a great extent evaporated. Kakur Chaitram has been told to make over all his accounts of the estate to the Moharir in charge and he will then have no more connection with the estate.

(a) Bichia—(*Income Rs.* 3,860, *Liabilities Nil*). The system of grain advances started by Mr. Nicholls is still in force. Two-hundred and sixty-five manis of grain has been made over to a punchayet on a bond for the value thereof with interest at 8 per cent per annum. These men are bound to lend grain only to the cultivators of the estate at 20 per cent Badhi interest of the usual 25 per cent. This arrangement is working well. The panchayet has paid the interest regularly. This year, however, two members out of six of the panchayet died, leaving no representative.

Unless the Panchayet furnish ample security this year it will perhaps be advisable not to give them grain in such quantities.

(*Remarks by Commissioner.*—Nothing was spent in improvements but at the close of the period under report there was a balance of Rs. 4,478-7-7 uninvested. A portion of this balance might be spent in improvements. The arrears on current year's demand are rather heavy).

(c) Bahrora—(*Income Rs.* 791, *Liabilities Rs.*8,300). There are very large balances in this estate. Severe measures were taken to realize the amount, and according to Section 18 of the Tenancy Act notices were issued to prohibit the removal of produce in cases of certain tenants. It did not, however, become necessary to obtain decrees against any of, them as they willingly gave up all the year's produce; but this did not amount to much. The cultivators themselves are very poor. Hitherto this estate was managed without any expenditure, but during the year under report, according to the arrangement proposed and sanctioned by the Chief Commissioner, the estate has been charged with its quota to the general expenditure.

Under the above circumstances it has not been possible during the year to pay anything towards the liquidation of debt. Not even the full amount of interest has been paid. This is one of the heavily involved estates. The margin of profits available for the payment of debt is so small that in bad years the Court of Wards cannot pay up the instalment. It was under contemplation last year to borrow money from other Courts of Wards at a smaller interest so as to be able to pay a larger amount towards payment of the principal. Unless some such arrangement is made there is no hope of saving the estate.

(a) Deonagar.—(*Income* Rs. 3,035, *Liabilities* Rs.15,941). During the year under report, the minor Raghubir Prasad was married and a sum of Rs. 800 was, with the Chief Commissioner's sanction, given for the purpose. An expenditure of Rs. 75 had also to be allowed for a ceremony called "Shravani" which was said to be indispensable. These sums have been shown under the head "personal expenses". The balance of Rs. 110 which remained to be paid last year for the repairs of the minor's house, was paid during the year and shown under "miscellaneous expenditure."

Owing to the above expenditure of Rs.1,000 it was not possible to pay anything more than the year's interest on the debt. This year for the first time Rs. 176-8-9 were charged for the management of the estate. One of the Court of Wards Moharirs looked after the estate assisted by Lachman Pershad, mukkadam of the Mauza.

There is a balance of Rs. 1,452-0-7, due on account of rents: all this has been shown as "recoverable." But there are nine cases in which the balances amounting to Rs. 684-4-3 have been brought forward year after year. Endeavours were made during the year to recover these balances but with little effect. Suits will now be filed and the cases settled once for all. The other balances are but ordinary and will be realized with the February kist.

(*Remarks by Commissioner.*—The liabilities are still heavy and nothing was paid off during the year under report, but the Deputy Commissioner explains that this was irrecoverable.)

(*a*)Chawarpatha.—(*Income* Rs. 18,778, *Liabilities* Rs.32,546). This estate consists of eight villages, parts of seven villages, and thirty-five fields in six villages. Two villages and two fields have been added to the estate during the year, the civil suit which was pending last year having been decided in favour of the estate. The proprietors are two young boys, namely Dalchand and Tejram, aged eleven and eight years respectively. Both of them attend the village school at Chawarpatha and are in the 3rd and 1st Hindi classes. Both of them are well behaved and intelligent children. Their progress during the year was rather retarded by the marriage of the elder boy. The family was away from home for a considerable time and consequently the boys were absent from school, otherwise their attendance in the school was regular. Musamat Rodha Sethani, the mother of the minor, seems anxious for their education. The family resides at Chawarpatha where they have a good family house. They receive an allowance of Rs. 75 per month. A sum of Rs. 4,000 was sanctioned for the marriage ceremony of Dalchand. Besides this, Rs. 350 had to be spent in feeding caste people on the occasion of depositing the bones of the late Ganga Bishen in the river Ganges and erecting a tomb in his memory on the banks of the Narbada.

Rs. 150 had also to be given for "Shrawari" (another ceremony to be performed in the month of Shrawan). Thus during the year under report there was the extraordinary expenditure of Rs. 4,500.

(*a*)Amehta.—(*Income* Rs. 911, *Liabilities* Rs. 2,523). The minor attends the Zillah school here and is in the 3rd Hindi class. His attendance as remarked last year, is very irregular. His mother allows the boy to remain here and as soon as the Deputy Commissioner loses sight of him she takes him away and this greatly interferes with his studies. Sickness is pleaded but it is more pretended than otherwise.

(*b*)Kowria.—(Nerbadda Pershad) (*Income* Rs. 1,906, *Liabilities* Rs. 2,344). The proprietor is a minor of six years of age. He lives with his mother at Kourai in the family house, and Rs. 12 are paid monthly for their support. The minor has commenced to attend the village school there, but has not made any progress as yet. His health is good.

(*b*)Kouria.—(Dhanraj) (*Income* Rs. 1,029, *Liabilities* Rs. 1,831). The minor is strong and healthy. He attends the village school at Kouria and is in the 3rd Hindi class. He is very irregular in his studies. It is not possible to bring him into Narsinghpur owing to the increased expenditure which the estate cannot afford.

(*b*)Sanikhera.—(*Income* Rs. 4,096, *Liabilities* Rs. 9,725). All the proprietors are minors. Sheolal and Murlidhur are two brothers aged seventeen and fifteen respectively, and there are two cousins, Khemchand and Jeganath, aged eleven and nine years respectively. Khemchand and Murlidhur having completed their studies in the village school at Sanikhera were brought to the Zillah school last year, but they have never been regular, and consequently the progress they made was very poor. Every effort is made to induce them to continue their studies, but they are of an age when it is too late to make much of them. The other boy, Jaganath, attends the village school. All of them enjoyed good health during the year. The mother of Sheolal and Murlidhur looks after the affairs of the family.

(*a*)Ramkhiria.—(*Income* Rs. 2,027, *Liabilities* Rs. 441). The proprietor, Pulander Singh, is a boy of eight years. He seems intelligent and healthy. At the close of last year he was brought to Narsinghpur to study in the Zillah school. For a time he attended the Vernacular branch of the school. He commenced to suffer in health from not having had the care of his relatives. He has therefore been allowed to live at Bohani with his brother-in-law Kakar Chaitram. In doing this, the wishes of his mother and other relatives were consulted. At Bohani he attends the village school and is in the 2nd Hindi class.

DISTRICT HOSHANGABAD.

Col. C. H. Grace, Deputy Commr.

(a)Fatehpur.—(*Income Rs.* 57,676, *Liabilities Nil.*) The year under report closed with a balance of Rs. 1,02,783-6-6 to the credit of the estate, of which Rs. 50,000 are invested in Government securities and Railway shares. The balance of Rs. 52,783-6-6 still remains to be invested. It was proposed in this office No. 1796, dated 16th July 1886, to lend Rs. 44,000 out of the uninvested balance securing thereby 6 per cent interest on the loan, to consolidate the debts of the Tewarin estate but the proposal was not sanctioned. Steps will now be taken to invest this money.

(*Remarks by Commissioner.*—This is a very important estate and requires the special attention of the Deputy Commissioner.

A large balance of Rs. 50,000 has already been invested to the credit of the estate and an equally large balance is available for investment which the Deputy Commissioner proposes to invest.

I am not in favour of the whole of this money being invested. I think that some portion of it at any rate might be devoted to improvements such as a better water-supply, &c. The manager ought to ascertain if money could not be spent usefully in this way.)

(a)Sukerwas.—(*Income Rs.* 5,559, *Liabilities Nil*). This estate was taken under the Court of Wards on 22nd August 1875, with liabilities amounting to Rs. 20,500 on account of Musst. Nani Bai's minority, her age being then only ten years.

Two years ago the debts have all been cleared off, and the year closed with a balance in her favour of Rs. 5,589-12-4.

The accounts of the estate will be explained during the year to the husband of the minor who has now attained her majority and the estate will be relinquished.

(*Remarks by Commissioner.*—I am not quite sure that it would be quite safe to relinquish the management of this estate just yet. The proprietress used not to be on good terms with her husband, and if the latter gets the management as very possibly will be the case, he may not be very careful of his wife's interests).

(c)Umerdha.—(*Income Rs.* 6,382, *Liabilities Rs.* 2,681). The management of the estate was assumed on 12th March 1875 on account of Musst. Buhap Kuwar's indebtedness. The liabilities then amounted to Rs. 21,500, of which up to the end of the year under report Rs. 18,818-8-6 have been paid, leaving a balance of Rs. 2,681-7-6.

Next year the estate will be cleared off all its liabilities and restored to its owner.

(c)Pipaldhana.—(*Income Rs.* 1,548, *Liabilities Rs.* 3,000). The management of the estate which consists of two Muafi and one Zamindari village, was assumed on the 5th March 1876 on account of indebtedness. The liabilities then amounted to Rs. 11,945-8-0, of which up the end of the year under report Rs. 8,945-8-0 have been paid.

This year no payment was made towards liquidation of debt as the creditor died and there are disputes in regard to the heirship.

This year Rs. 2,000 were held available for payment and will be paid on a settlement of their disputes in regard to the heirship.

(c)Babai.—(*Income Rs.* 22,691, *Liabilities Rs.* 61,136). The management of the estate was assumed on 20th January 1877 on account of the Malguzar's indebtedness which then amounted to Rs. 1,01,822 exclusive of interest. Of the total liabilities a sum of Rs. 36,498 has been paid up to 30th September 1885. During the year Rs. 4,188-11-0 were paid in addition to Rs. 3,743-15-3 interest. The rental demand with the arrears for previous years, namely Rs. 5,405-2-8 amounted to Rs. 27,460-11-4 of which Rs. 21,386-6-5 have been realized, leaving a balance of Rs. 6,074-4-11. The percentage of arrears has risen from 14 to 22 per cent. It is reported that the rents in the villages of Gondolwara and Bichwara where arrears have accrued, are too high and in consequence there has been a difficulty in their realization.

Orders have issued for a full enquiry being instituted with a view to a reduction being made in the rents should it be found to be really necessary.

(*Remarks by Commissioner.*—All that can be done for this estate is gradually to liquidate the liabilities.

The rents are, I think, in some cases too high).

(*c*)Indpura.—(*Income Rs.* 2,714, *Liabilities Nil.*) The estate consists of four villages with a cultivated area of 616 acres. Its management was assumed on 19th November 1880. Since then the total liabilities of Rs. 12,067-10-0 has been paid and the year closed with a balance of Rs. 926-4-10 to the credit of the estate.

The accounts of the estate will be examined and explained to the owner, and the villages will be made over to him during the current year.

(*c*)Timarni—(*Income Rs.* 36,156, *Liabilities Rs.* 1,04,650). When the management of this estate was assumed the liabilities were reported to be Rs. 1,02,806-3-6 exclusive of interest, but on making up the accounts up to 31st July 1886 a sum of Rs. 1,13,738-10-11 was found to be due by the Bhuskutte. Of this amount, a sum of Rs. 9,088-8-0 has been paid during the year. The year closed with a balance of Rs. 17,642-4-10 to the credit of the estate.

Negotiations are at present proceeding with Seth Gokuldas to obtain a loan of Rs. 44,000 with a view to consolidate the debts of this estate, and when the loan is completed all the creditors excepting three of the largest will be paid off.

(*c*)Bordha.—(*Income Rs.* 4,299, *Liabilities Rs.* 14,449). The estate consists of twenty villages. Its management was assumed by virtue of an agreement executed by Manglipershad Subedar of Bordha, on 9th September 1885, with the sanction conveyed in Secretary's letter No. 531 S., dated 30th July 1885. The liabilities then amounted to Rs. 18,735-12-7, of which Rs. 4,286-13-11 have been paid during the year under report.

Steps will now be taken during the year to raise Rs. 14,448-14-8 for payment to Mustt. Janki Sethani's heir and representative, Nanhe Lal who has refused to receive yearly instalments in payment of the debt.

Rental demand with arrears Rs. 1,277, amounted to Rs. 4,137-2-9, of which Rs. 2,646-11-9 have been realized, leaving a balance of Rs. 1,490-7-0. The balance seems heavy but it includes a sum of Rs. 1,298-14-6 of arrears previously due.

(*c*)Nipania.—(*Income Rs.* 60,439, *Liabilities* 1,46,904). With the sanction of the Chief Commissioner conveyed in Secretary's letter No. 686 S., dated 15th September 1885, and after completion of an agreement with Musst. Sepra Bai, the above estate which was heavily encumbered with debts was, on the 15th October 1885, taken under Government management. The proprietress is the widow of the late Rameshar Dass, last representative of the firm of Bhajpi Shah Deo Chand of Seoni. The estate consists of three whole villages and two shares of villages held in proprietary rights and one village and certain plots of land held under deeds of mortgage for limited periods, also certain old debts amounting to Rs. 1,60,975.

The total liabilities amounted to Rs. 1,59,602 as reported in this office No. 196, dated 26th January 1886, but this was principal only. With interest and costs of suits the total liabilities are found to amount to Rs. 1,78,197-7-11.

The income for the year under report was estimated at Rs. 54,586. The income realized during the year was Rs. 55,474-10-1 and 190 manis, 41 kurus, 7 pias and which, valued at Rs. 26 per mani, gives Rs. 4,964. It was reported that after deducting the yearly expenditure on the estate there would be available for payment to sixty creditors Rs. 47,622. During the year under report, after deducting the expenditure of Rs. 10,481-10-2, a sum of Rs. 44,992-5-11, and 190 m. 41 k. 7 p. were available for payment to creditors, of which Rs. 31,293-10-0 were paid to thirty-seven creditors in full satisfaction of their claims and

to six in part satisfaction. A further sum of Rs. 11,538-2-4 is now being paid to nineteen creditors in full satisfaction of their claims and to four in part satisfaction, thus making up the total sum of Rs. 42,930-12-4 against Rs. 47,632 formerly reported.

The expenditure of the estate during the year has exceeded the calculated amount by Rs. 3,517-10-2. The increase is chiefly attributable to the costs incurred in filing suits and to certain repairs to houses which it was found necessary to carry out for the good of the estate.

The liabilities that remain unsatisfied after payment of Rs. 42,930-12-4 amount to Rs. 1,35,266-11-7. The rental demand in money stood at Rs. 25,396-11-0 against Rs. 18,000 estimated last year.

(*Remarks by Commissioner.*—The Deputy Commissioner has had much trouble in the management of this estate, but he has made good progress so far in liquidating some of the liabilities of this estate, and I have little doubt, but that with due care the liabilities will be liquidated in the time anticipated).

DISTRICT NIMAR.

(*b*) Mandhatta.—(*Income Rs.*45,041, *Liabilities Nil*). The Onkar Mandhatta estate is the only estate under Government management in this district; in respect of supervision no material changes have taken place during the year. Mr. S. Ismay, Deputy Commr.

The health of the minor continues to be satisfactory. He has left off the study of Urdu but is at present learning the subjects taught in the 4th class of a village school. The boy is undoubtfully intelligent but he is being nurtured in a bad atmosphere and is rapidly becoming spoilt and self-willed.

DISTRICT BETUL.

(*b*) Durgadin Patel.—(*Income Rs.* 12,832, *Liabilities Nil*). This is the tenth year of this estate being under direct management. The finance of the estate is in a prosperous condition. There are no debts for liquidation. Col. J. W. Macdougall, Deputy Commr.

Musst. Mani Bai, the youngest daughter of the late Durga Din, aged about fifteen years, regarding whose marriage negotiations were going on last year was, during the year under report, married to one Manohar Lal, aged sixteen, the son of Balak Ram, a resident of Mauza Baikoonthpur in the Cawnpur district, North Western Provinces. The selection of the husband was made by Deen Dial and was reported to the Commissioner of the Division for confirmation in this office No. 366, dated 29th April last. The event came off on the 10th Jeth Badi. A sum of Rs. 1,000 was expended in the performance of the ceremony; of the above sum Rs. 200 were spent in finding a bridegroom. The increase in expenditure under the head "other loans" is solely attributable to takavi advances to tenants for sinking wells, to improve their holdings, to purchase agricultural implements, &c., and a large amount of rent is in arrears, but this is owing to the fact that the year was very unfavourable to the crops, and pressure could not be put upon the ryots to procure punctual payments. The arrears are all recoverable and there is every prospect of their recovery in a year or two.

(*Remarks by Commissioner.*—The report calls for little remark. The estate has been well looked after by Colonel Macdougall.)

DISTRICT CHHINDWARA.

Lt.-Col. W. Vertue, Deputy Commr.

(*b*)Pagara.—(*Income Rs.* 15,564, *Liabilities Nil*). The income under all heads this year has been Rs. 15,564-3-3, and the expenditure amounted to Rs. 10,556-12-8, leaving with the savings of past years, a balance of Rs. 26,232-4-5, the whole of which is in the Government Treasury. Besides the above balance Rs. 2,050 worth of stock notes has been purchased so the total sum to the credit of the estate is Rs. 28,282-4-5.

The large balance remaining unrealized is due to the unfavourable season. Owing to small rain-fall the out-turn of kodo, kutki and other grain was very poor. Endeavours are being made for the recovery of the balance and it may be mentioned that up to the end of October Rs. 710-10-0 had been realized.

The minor, his sister and the whole family have enjoyed good health. The minor learns Hindi at home and English and Hindi in the A. V. school and has been promoted to the 4th class. He plays cricket every Saturday and is growing up a nice young lad. By the time he attains an age fit to be admitted into the Rajkumar College he will have attained a pretty fair knowledge of English and Vernacular. His sister is learning Hindi and is also making progress in her studies.

(*Remarks by Commissioner.*—The balance uninvested at the close of the year was very large, and it would appear from the report that many improvements are needed. The surplus money should be spent in these improvements.)

(*b*)Sarra.—(*Income Rs.* 580, *Liabilities Nil*). The guardian spoken of in last year's report had to be removed as he failed in his duties towards the estate.

A small allowance is being given to the Manager of the Jamunia estate for looking after this estate, and it is hoped that under his management the estate will improve. No improvements have been made this year. The general condition of the estate is on the whole favourable.

The minor is in good health and is improving in his studies. A master has been appointed on Rs. 5 to teach him as he was too old to attend the nearest village school, namely, the one at Kapurdhan.

(*b*)Koda-dongri.—(*Income Rs.* 285, *Liabilities Nil.*) The estate is not in a very prosperous condition at present. The want of sufficient funds has hitherto prevented the appointment of a moharir for the two estates in the Sausar tahsil.

The minor is doing well and is learning Hindi. He lives at Narkher, in the Nagpur district, and attends the village school there.

(*Remarks by Commissioner.*—The only point that need be noticed in this memo. is that Rs. 2,320-12-6 are still due to the estate. The Deputy Commissioner reported that he would take prompt and careful steps for realization of this debt.

During the past year nothing has been realized and the Deputy Commissioner makes no allusion to this failure.)

(*b*)Jamunia.—(*Income Rs.* 1,946, *Liabilities Rs.* 5,198). As stated in the memo. of the previous year, no improvements have been made owing to the liabilities of the estate.

The school at Ner had to be closed as a sufficient number of children could not be got to attend it and as there was a difficulty about a school house. A tutor has been appointed for the minor and his brother and both lads have made some progress this year.

DISTRICT WARDHA.

(a) Mandgaon.—(*Income Rs.* 17,780, *Liabilities Nil*). The gross income during the year was Rs. 17,780-0-10, and the expenditure including the Government demand Rs. 17,784-7-2. Col. W. S. Brooke, Deputy Commr.

This unsatisfactory result was due to heavy rent balances being left uncollected at the second rent instalment in May last.

Rabi crops are almost exclusively grown in Mandgaon Taluka, and owing to the nearly total failure of the wheat and linseed crops last season, the manager reports that he was unable to collect the rents in full. The explanation is not altogether satisfactory; for, some villages paid with fair promptitude and nearly in full, while under similar circumstances large balances were allowed to accrue in others. The outstandings are all reported as recoverable, and will be realized in 1886-87.

The eldest ward, Bali Ram Sing is now about 20 years of age. His conduct, it is to be regretted, is not satisfactory. He is reported to have taken to the society of low companions who are leading him into bad habits. Bali Ram Sing has not attended any school since he left the Rajkumar College at Jabalpur in April last. Every effort has been made to induce him to return and prosecute his studies up to the matriculation standard, but without success, nor does he seem inclined to study at any of the Institutions in Nagpur. The younger wards, aged thirteen and eleven respectively, attend the Mandgaon village school. The provision for the maintenance of the family is suitable. A large house has been completed at a cost of Rs. 5,000.

The balances of the estate need investment. Separate proposals will be submitted on this point.

(a) Hingni—(*Income Rs.* 15,088, *Liabilities Rs.* 13,473). This estate has been under Court of Wards' management since 18th May last. The late proprietor, Ganesh Bagirao Subhedar, died on 24th April 1886, leaving a son only twelve days old and a young widow; the estate is heavily encumbered.

To clear off liabilities, a sum of Rs. 13,000 was borrowed with the previous sanction of the Chief Commissioner from Rai Bahadur Seth Gokuldas Balabdass of Jabalpur, and a bond executed mortgaging the whole of the minor's landed estate as security for the loan.

When the estate was taken over the Schedule of liabilities were about Rs. 15,000: part of the personal property and grain stock was sold to reduce this debt, about Rs. 1,000 were then realized.

The minor is only a few months old and is reported to be in good health. The estate is directly managed by the Deputy Commissioner through the Tahsildar of Wardha.

DISTRICT NAGPUR.

(c) Chachur.—(*Income Rs.* 24,964, *Liabilities Rs.* 1,12,199). Ahiloji Ahir Rao has not improved a bit since the despatch of the last report. On the contrary, he has got into worse trouble. He has just submitted a petition in which he says that he owes Rs. 12,000 which are not shown in our statements; and as this is in direct contravention of his agreement perhaps it would only be right that some of his villages should be sold to make good this money. He cannot control his expenditure, and there is every likelihood of his losing his estate. He appears utterly reckless and does not give a thought to the interests of his sons, but wastes money in paltry show as if he were rolling in riches. Col. H. I. Lugard, Deputy Commr.

Notwithstanding the bad season, the balance outstanding at the close of the year, omitting irrecoverable and doubtful items, was only Rs. 277 on a demand of Rs. 12,488 or 2·2 per cent. Much pains were taken by the officials, especially by Ragho Pandurung, who has proved himself a very competent Kamdar.

There is a very good site for a tank at Panchala, a rice-growing village of the estate. If a tank be built on this site, it will irrigate a considerable tract of land and will be a means of increasing the income. It is on high ground and commands almost the whole cultivated area to the south of the village, and a personal inspection of the place will be made to ascertain the extent of ground it will irrigate.

Bhonsla.—(*Income Rs.* 3,67,370, *Liabilities Nil*). Raja Rughoji, the elder brother, attended the Rajkumar College at Jabalpur until the month of August, when he became ill and did not recover until lately. He is weak, and while at Jabalpur always had bad health and learnt but very little. The Chief Commissioner was therefore pleased to pass an order keeping him at Nagpur. Proposals are under contemplation for his education, both moral and intellectual as well as physical. He will be kept away a few miles from Nagpur in a healthy place. His younger brother, Laxman Rao, enjoyed very good health until September 1886, when he contracted fever which lasted until the middle of October. He became very thin and pale during this sickness, but he is recovering strength very fast. He attends the Mission School at Nagpur and has made fair progress. Perhaps one of the two unmarried daughters of Raja Janoji will be taken as a Rani of His Highness the Maharaja of Gwalior. In that case, a very large amount of money will be wanted for the marriage.

The negotiations regarding the marriage of Parbati Bai, the eldest unmarried daughter of Raja Janoji, failed, as one of the planets is supposed to be against her for marrying the proposed son-in-law.

The so-called palace of the family is nothing but a common house built with bricks and mud. The idea of building a new house for them was under consideration but not less than two lakhs of rupees are required for it. Under the present circumstances, this cannot be undertaken, as the "Moonj" (thread ceremony) of Laxman Rao, the younger brother of Raja Rughoji, two marriages, namely, of Parbati Bai and Banu Bai, and soon after these the marriage of Laxman Rao, are to take place. As the Ranis are much disposed to lavish money on such occasions, the ceremonies mentioned above will consume about one lakh and a half rupees. Of course, the amount which will be spent on the pilgrimage is not included in the above sum.

The balance in hand was Rs. 43,473 on the 30th September 1886. As the Bhonsla family are going on a pilgrimage to the Deccan and Upper India, this balance is specially reserved for defraying the expenditure of pilgrimage; otherwise it would have been invested in Government paper.

Rs. 1,988 were spent in repairing tanks, wells, &c. Much more had been sanctioned, but as the works have not been completed, the amount is kept under advance. Much information has been collected for undertaking large works—foremost of these is the Johiri tank near Saoner. The site is on high land, and the surrounding hills being of the shape of a horse-shoe, only a bund on one side is required to make a tank of it. Plans and estimates were prepared and submitted to the Public Works Department for approval. It will cost about Rs. 27,000. A very large tank can be built at Kharhi, in the Chanda district where rice is grown. The other works do not require special notice. Most of these will receive attention during the current year.

The nucleus of a cattle-farm has been established at Nagpur. Five cows and a bull were bought and placed under the supervision of the Superintendent of Gardens.

Mushair grass, which flourishes in many parts of the country and which is nutritious food for cattle, was experimented upon near the hill of Telenkheri. It has come out very well and will be extended. The Manager inspected all the villages (including villages in which there are grain transactions only) and plots of the estate; and the estate is now prepared, with a mass of information on record, to lay out money where it is most wanted in the improvement of the estate.

Unfortunately, the family are bent on spending large sums every year in pilgrimages, marriages, &c., otherwise vast and substantial improvements might be undertaken. The houses occupied by the family are poor mud and plaster structures, and some suitable building ought to be constructed, but unless they give up some of these useless outlays, this will be impossible.

(c)Tharsa.—(*Income Rs.* 17,496, *Liabilities Rs.* 26,262). The actual rent collections were Rs. 8,820 on a demand of Rs. 8,981 or 98 2 per cent. This result is very satisfactory and reflects credit on the officials concerned.

Rs. 4,471 on account of principal and Rs. 2,529 on account of interest were paid during the year. Interest is decreasing every year and Musst. Gajabai Saheb is therefore very desirous of having the savings for herself as she has to put her house in repair which is in a dilapidated state. She has also been living very economically. The agreement, however, with Bunsilal is that Rs. 7,000 should be paid annually, and this will have to be done. The estate, however, is in a solvent condition and the sum required for putting the house in order could be advanced on the security of this estate from the Bhonsla estate if necessary. Musst. Gajabai is aged, but enjoys good health and has every prospect of seeing her estate disencumbered from debt before her demise, and it is satisfactory to note that her adopted son Ramchandra is now living a quiet and orderly life.

(b)Sausthanik.—(*Income Rs.* 1,18,683, *Liabilities Rs.* 430). Raja Azamsha, the proprietor of this estate is now a little more than two years of age. He is of weak constitution. A regular medical man attends on him. Doctor Barter, Civil Surgeon of Nagpur, examined him five times during the year. He was vaccinated on the 16th March 1886. His mother, as was to be expected, was quite against his vaccination, and her prejudices could only be overcome after great trouble. He is at present free from all sickness.

Final reduction of establishment and expenditure was completed in the middle of November 1885. The late Raja Sulemansha used to spend Rs. 1,15,000 a year, and now the expenditure has been fixed as follows :—

		Rs.
1.	Household expenditure	7,200
2.	Servants	12,114
3.	Feed of animals	7,540
4.	Festivities	1,600
5.	Pensions	13,772
6.	Havili Karkhana	1,434
7.	Miscellaneous	3,751
		47,411

It will thus be seen that Rs. 14,018 have to be paid every year on account of pensions—a large sum for a small estate like the Sausthanik—whose total income from all sources come to Rs. 1,15,407. Of course these pensions will either lapse or be reduced from time to time with the demise of the incumbents who held them.

The estate owed Rs. 10,202 on 30th September 1885, Rs. 9,772 were paid during the year towards the liquidation of this debt. A small balance of Rs. 430 remains to be paid, only because the creditors have not come forward to demand it.

(b)Peta Ismailpur.—(*Income Rs.* 1,305, *Liabilites Nil*). Shamrao is now sixteen years of age, but is said to be precocious and able to look after his estate.

The manager, Yeshwant Rao Deo Rao, left the work of management to his clerk Deo Rao. The clerk did not keep proper accounts and he was accordingly sued by the manager without letting the Deputy Commissioner know anything about it. A decree was passed

against Deo Rao for Rs. 1,027. Yeshwant Rao Deo Rao is a Zamindar of considerable influence in the taluk of Amnair and a wealthy man, and as he gets no remuneration for the work and the estate is poor, it was considered advantageous to get him to take charge of the estate. The minor was an adopted son and lives with his father. The minor is now able to keep an eye on the management of the estate.

The village of Peth Ismailpur is situate in the remote north-east corner of the Katol Tahsil.

DISTRICT BHANDARA.

Mr. L. Gordon, Deputy Commr.

(c) Darekassa.—(*Income Rs.* 2,909, *Liabilities Rs.* 4,336) The forests of this Zamindari, which contain valuable timber, have been almost ruined by three contractors to whom leases were given by the Zamindar in a very loose and indefinite manner; they have since been placed in charge of the Assistant Conservator of Forests, who will do what may be possible to remedy past abuses.

(c) Kamtha.—(*Income Rs.* 80,246, *Liabilities Rs.* 18,115) It was reported last year that steps were being taken to assume the management of the whole of this estate, with the exception of sixteen villages allowed by Yeshwant Rao for maintenance to Jijaba, his brother, and four villages now assigned to the two widows of the deceased. This has now been done, and the whole estate of Lataria Bhao, minor, is under the management of the Deputy Commissioner. Sheocharan Singh, pensioned Police Inspector, has continued to manage the estate under the orders of the Deputy Commissioner.

The estate contains in all one hundred and fifty-four villages.

The balance of debt still due by the estate amounts to Rs. 19,847-14-10, which will be paid off before the close of the current year. There are Rs. 15,958-14-5 in cash to the credit of the personal deposit of the estate in Government Treasury, and Rs. 668-13-9 with the Manager which will be paid in shortly.

The minor, Lataria Bhao, is thirteen years old, and has been in excellent health. He attends the Zillah School at Bhandara with fair regularity in spite of the mother's incessant endeavours to the contrary, and the Inspector of Schools, who kindly examined him specially last September, reported that he had been making satisfactory progress.

(c) Palkheda.—(*Income Rs.* 4,541, *Liabilities Rs.* 12,030). The management of this estate was assumed with the Chief Commissioner's sanction conveyed in his Secretary's No. 644 S., dated 5th September 1885, under an agreement with the Zamindar, Sona Bapu.

The estate was found indebted to the extent of Rs. 11,600. A compromise was however effected with all the creditors (with the exception of Ganpat Rao Ghatate of Pardi) who each relinquished a considerable part of his claim on condition that he got ready cash in satisfaction of his debts. A loan therefore of Rs. 10,000 at 7½ per cent was taken from Seth Gokuldass of Jabalpur, and all the claims amounting to Rs. 6,489-14-6, except that of Ganpat Rao (Rs. 2,000) have been paid off. This will now be paid, and the only debt due will be the re-payment necessary to Gokuldass.

DISTRICT BALAGHAT.

Col., R. M. B. Thomas, Deputy Commr.

(c) Mau.—(*Income Rs.* 13,348, *Liabilities Rs.* 903) Most of the villages being still leased, the management has continued in the same way as reported last year, and the collections have been made by the Tahsildar of Behir.

There are funds sufficient to start the construction of a tank in the estate, to perpetuate Bekaji's memory as was suggested in 1883-84, but a site for the same has not been selected as yet. This will be looked to during the next touring season in that part of the district.

The difficulties which lay hitherto in the way of this work, namely, the want of a Manager for the Wards Estates, has now been removed and endeavours shall be made to commence the work as soon as possible.

The minor is at present fairly steady. He attends school at Burha and continues to read also with a private tutor as reported last year.

(*b*) Kirnapur.—(*Income Rs.* 9,868, *Liabilities Rs.* 4,403).—Out of the sum of Rs. 857-4-0 shown as rent arrears, *Rs.* 843-12-0 is due by Laxman Bhao, the uncle of the Zamindar, and it cannot be recovered until the Civil suit, pending in the Court of the Senior Assistant Commissioner, Nagpur, brought by Laxman Bhao against the estate to establish his right to the village rent free, is disposed of.

An expenditure of Rs. 1,000 was incurred in the marriage ceremony of the three brothers of the minor. Rs. 3,000 including interest have been paid in liquidation of the debt, thus reducing the amount of the original debt to Rs. 4,402-10-0.

Hira Bapu has in no way improved, on the contrary he seems to get more abandoned year by year. With the utmost difficulty he has been kept at Head-quarters: his desire is to reside at Kirnapur, but there he lives a life of depravity, being surrounded by men of immoral and worthless character. He is almost past control and listens to no advice at all.

(*c*) Hatta.—(*Income Rs.* 25,045, *Liabilities Rs.* 41,342). The rent arrears are partly owing to interference and obstruction on the part of the Zamindar, Ganpat Rao, who, it is said, had realized the amount from the malguzar. The Tahsildar has been ordered to realize the same direct from the Zamindar at once.

A full report on the present financial condition of this estate was lately submitted for the Chief Commissioner's information and nothing further need be added here.

Ganpat Rao, Zamindar, is a weak man, led by two or three of his agents, and cajoled and truckled to by these and many other unctuous flatterers and toadies, who thus induce him to part in many ways with his money. He will it is believed never be out of pecuniary difficulties, do what one possibly can for him.

(*c*) Bhadra.—(*Income Rs.* 14,717, *Liabilities Rs.* 42,132). There is not sufficient balance in hand to undertake any work of permanent improvement. Rs. 90 shown under the head "invested in estate improvement" is on account of expenditure incurred by the Executive Engineer, Kanhan Division, in surveying the Bagtalao tank: a full report has been lately submitted to the Chief Commissioner for information.

DISTRICT RAIPUR.

(*b*) Khuji.—(*Income Rs.* 13,836, *Liabilities Nil*). The estate is perfectly solvent and has a large balance at its credit, most of which has been invested as follows:— Mr. F. A. T. Phillips, Deputy Commr.

	Rs.	a.	p.
4½ per cent Railway debenture	12,000	0	0
4 „ Promissory Notes	3,000	0	0
Balance of 6 per cent loan due by Kalahandi	8,148	1	0
Balance of 6 per cent loan due by Bathena estate under Court of Wards	4,787	15	7
Total ...	27,936	0	7

The amount of the Railway Debenture was recently refunded and has now been more profitably re-invested together with some Rs. 2,500 from the cash balance in the 6 per cent mortgage of the Barbaspur estate, formerly held by Seth Gokuldas of Jabalpur. Colonel Scott marched through the estate last February and proposed the carrying out of certain roads, tanks, wells and building works. Many of these works, especially those on roads and buildings, have since been finished, but the whole expenditure is not shown in the returns as many of the accounts were received after the close of the year. Tank work was entrusted to a leading Gaontia of the estate who failed to carry it out, so a contractor has now been employed. Other roads and buildings works and causeways are being pushed on to help the people to tide over their present difficulties. The forest revenue is chiefly composed of the rental of the Harra, tassar cocoon and dead wood farms. The last of these was found to work some hardship on the residents owing to the lessee's exactions, and has been abolished. The forest contains numerous young teak trees to assist whose growth the central forest reserve has been closed against grazing, and the co-operation of the surrounding villages has been secured by distributing small annual payments amongst them to prevent fire in the forest. The residents are being further encouraged to remove the lower branches of the teak trees by a permission to retain gratis all such branches that they may lop. Efforts have been and are being made to convert into a "ganj" a weekly bazaar at Markakasa which promises to develope into a moderate sized centre of trade; sites have been marked out for shops and will be given free; intending settlers are to be allowed the use of building timber at half the prescribed rates; a tank is being dug to supply water for man and beast; and the road to Raj-Nandgaon, whither the bulk of the grain brought into the market gravitates, is being repaired and made fit for wheeled traffic.

Owing to settlement work in two other estates, Thakurtola and Barbaspur, statistics for revising the expired settlement of Khuji have not yet been collected, so the former settlement has had to be extended for another year. Survey operations will however, be undertaken during the present open season.

(*c*) Barbaspur.—(*Income Rs.* 6,455, *Liabilities Rs.* 14,103.) The extended period of the last village settlement expired in March last. A field to field attestation of the old village maps was accordingly made on the spot by a special patwari establishment under the District Manager, and all extension or alteration in cultivation mapped in. New Khasras and Jamabandis for each of the twenty-one villages in the estate showing present possession and the ryoti rent-roll have been nearly completed, and the proposed Schedule of revised Jamas will be submitted for sanction after the Deputy Commissioner has visited the estate during the present cold weather. The Settlement operations cost Rs. 693-2-6. Complaints regarding indiscriminate cutting of timber were made against the forest farmer. The lease has therefore not been renewed, and the forests have been directly managed on the Khalsa system since April last. The only additional establishment employed being a license vendor on Rs. 5 located in the midst of the forest villages and two peons on Rs. 5 each to guard the outlets. A monthly allowance of Rs. 2 is also made to the Forest Dafadar of the neighbouring estate of Thakurtola for general supervision of these forests and the subordinate establishment. The Barbaspur forests are reported to have been much denuded by the contractors, and at present they do not contain much useful or valuable timber. But even what there is, is not in much demand probably because the rates of duty levied on produce exported from the adjoining forests of the Gandai, Silheti, and Lohara Zamindaris are lower. Still our *Kham* management of these forests during a part of the year under notice, has yielded more revenue than was ever before derived on the farming system, *viz.* Rs. 1,035-15-11, whereas only Rs. 657 were realized during the preceding sixteen months. Toran Singh, the young Zamindar, was brought into Raipur and kept under a special tutor's instruction for about four months, during which time he was partially cured of his pernicious habit of opium smoking and made withal some progress in his studies. He was allowed to go to Barbaspur for a month in August last on the occasion of his son's birth, but he has persistently

refused to return. It is feared that he has probably relapsed into his former evil habits. His uncle, Baldeo Sinh, although he receives an allowance from the funds of the estate, has run into debt and been sued in the Civil Court. He appears to have resisted the Civil Court's process for the enforcement of the decree passed against him, and he is now being criminally prosecuted on that account.

(*c*) Thakurtola.—(*Income Rs.* 8,297, *Liabilities Rs.* 9,000) The Zamindari of Thakurtola has now been under the direct management of the Deputy Commissioner for five years. During that time nearly half the liabilities of the estate have been liquidated. Of the Rs. 17,000 originally borrowed from the Chief of Nandgaon, a sum of Rs. 11,000 had been repaid at the commencement of the year. During the year there was a further repayment of Rs. 1,947-0-6 from the ordinary revenues of the estates, while the balance inclusive of interest, was liquidated by borrowing from the Bindra Nawagarh estate at 6 per cent interest. To that estate Thakurtola is now indebted to the extent of Rs. 9,000. This amount will be repaid in annual instalments of Rs. 2,200 and the estate freed from debt in five or eight years sooner than was originally anticipated. This favourable state of things is due to the considerable increase in the income, for not only has the total income increased considerably, but also there is an increase in each separate head of income excepting "advances recovered" which may of course be disregarded.

The largest item of revenue is that derived form forests. In order to protect them more effectually, two new forest posts were established during the year, each being placed in charge of a peon on a monthly pay of Rs. 5, while for the better supervision of the subordinate staff a Daffadar was appointed on a monthly salary of Rs. 10 who has also to look after the working of the Barbaspur forests. The former forest license-vendor has been replaced by a paid vendor who gets Rs. 5 per mensem. Large herds of cattle were brought to the fine pastures above the ghats and a considerable income was derived from grazing dues. One plot of forest which yielded excellent thatching grass was leased to a contractor. Myrabolams were subjected to duty payable partly in cash and partly in kind. "Dahia" cultivation is being gradually suppressed by the levy of a certain sum on each axe, which will be raised year by year until the rate becomes prohibitory.

Pandhri levied on the system in "Khalsa" was, with the Commissioner's permission, substituted for the former more burdensome tax called Panpisi.

Excise settlements were for the first time made direct with the petty farmers to the exclusion of the middleman, with the result that there was an appreciable increase in the revenue under this head.

A revenue peon on a monthly pay of Rs. 5 was appointed for the collection of the revenue. At the close of the year there was no outstanding balance.

The only public work effected besides annual repairs, was the improvement of the road over the Moran and Deoracha passes which much facilitated traffic. The road will be still further improved during the current year and the work thereon will give employment to poorer persons who have suffered from the partial failure of crops.

The school, which is attended chiefly by the children of the Zamindar's family, was some months ago taken over by the estate. There is a certificated master on Rs. 8 per mensem. The construction of a school-house has been commenced and will soon be completed.

The former settlement expired in March last. The assessments have since been revised and proposals submitted by the District Manager. These will be sent up for confirmation after the Deputy Commissioner has had an opportunity of checking them on the spot. This will be done during the present cold weather.

(*b*) Mohrenga.—(*Income Rs.* 2,870, *Liabilities Rs.* 13,018). Mohrenga having been placed under the Court of Wards only a little before the commencement of the period reported on, this is practically the first year of direct management.

The rents were all paid in without difficulty, and no arrears are due by the cultivators. The instalments due on bonds renewed last year for old and barred debts were punctually collected and a few more of the old debts secured by renewed bonds. Of forest receipts Rs. 1,000 were realized on the grass lease of Khowli Dabri forest; Rs. 193 on account of two years grazing dues; Rs. 384 by sale of firewood, and Rs. 111 on licenses sold for removal of miscellaneous forest produce. About 1,150 maunds of firewood were disposed of at 3 maunds for the rupee in Raipur, the net profit being Rs. 242 after allowing for the cost of cutting, carriage, octroi and delivery. The greater portion of the wood was however stored ready cut in the estate before our management. A cooly has now been employed on Rs. 4 per mensem to cut firewood. So the rate of profit will be lower in future. Some well-to-do and leading cultivators leased the Mohwa and Char crops for Rs. 120 for the benefit of their fellow tenants of the estate, all of whom took share in the contract. Last April the village of Mohrenga accidentally took fire causing much general loss of property. The cultivators were therefore allowed some grace in paying their rents; and grass, timber, &c., were granted to them free of duty from the adjoining forest block to rebuild their houses.

The minors had an attack of small-pox but have now completely recovered. Two of them were admitted into the Zillah school; the youngest still reads in one of the Branch schools. They live under the guardianship of their uncle Durga Prasad, who holds thirteen ploughs of the 'Sir' land for their support, paying only Rs. 116 rent. Durga Prasad gave some trouble during the year, by attempting to interfere with the management, quarrelling with the local Moharirs, hatching mischief and exciting false complaints against them so that three had to be shifted, and he actually refused to pay rent until he had to be sent up before the Deputy Commissioner, and he was told that his disobedience would result in the relinquishment of the estate by the Court of Wards throwing him again at his creditors' mercy.

(*c*) Raitum.—(*Income Rs.* 1,800, *Liabilities Rs.* 6,568.) This backward estate, the property of a Gond, comprising ten 'jungli' villages was last year given on a five years' lease. This being the first year of his management which commenced late in the year, little improvement was effected by the lessee in the way of extending cultivation. The prospects of the crops for the current year are also reported to be unfavourable owing to the injury caused to the rice-crop by lack of rain. The poorer part of the ryots, however, live by selling grass and other 'jungle' wood in the estate and hitherto no difficulty has been felt in obtaining food. The lessee is a well-to-do person and helps the people with grain advances.

(*b*) Bindra-Nawagarh.—(*Income Rs.* 57,228, *Liabilities Nil.*) The young Zamindar, Kewal Sai, who is in his eighteenth year, is being educated at the Raj Kumar School at Jabalpur. He is not naturally quick, and he is inclined to be lazy so that he has not made much progress in his studies, which have been still further retarded by a recent illness of some months' duration. He is also extravagant. He visited some of the chief towns in Northern India in company with the Superintendent of the School, last Christmas, and he is to take a trip to Calcutta in the ensuing Christmas vacation. It is hoped that he will profit by these journeys and that under the influences of the school teaching he will learn habits of economy and industry.

The finances of the estate are in a most flourishing condition. The large closing balance is due to the small expenditure during the year on public works. The appointment of an Overseer has recently been sanctioned and several works will be undertaken during the current year.

The income has increased under almost every head. Some of the items, such as 'advances recovered,' are merely nominal. Exclusive of these there has been a very considerable increase in the real income.

The increase has been most marked in the recovery of loans, both principal and interest, and in the forest revenue. Of the amount due from Kalahandi Rs. 1,736-1-4 were recovered on account of principal and Rs. 4,843-6-8 on account of accumulated interest. The instalments due from Mohrenga, Raitum and Parsada were also punctually paid. Bathena made a short payment of Rs. 125.

The increase in the forest revenue is the result of more systematic management. The establishment was strengthened, an improved license system introduced, the farming system almost entirely abolished and stricter supervision maintained. The direct levy of duty on minor forest produce brought in Rs. 7,183-10-3, while in the previous year the farmer paid in only Rs. 3,000. Rs. 3,447-13-11 were realized on account of grazing dues and Rs. 12,572-9-9 from the sale of timber, bamboos, grass, &c. A still further increase in the revenue is anticipated in the current year. The year under report was particularly unfavourable for the export of timber as, owing to the scantiness of the rain-fall, the Piari river was never in full flood and consequently but little timber could be floated down. A more plentiful rain-fall may well be looked for in the current year. Further the term of the deadwood farm expires in March next. The deadwood will then be disposed of direct and will probably yield a larger revenue.

(*a*) Bathena.—(*Income Rs.* 10,358, *Liabilities Rs.* 8,563.) This estate consists of the proprietary village of Bohardili in Tahsil Raipur in the ownership of the family of one Sheonath Beldar, and two 'Mokasa' villages, Bathena and Thakuraintola, of Tahsil Drug, granted in perpetuity to the same owner in recognition of good services performed by him at the mutiny. Sheonath left as his heirs three sons, two of them minors under the guardianship of the eldest who, however, involved the whole property in debts.

Ultimately after some litigation on the side of the minors, who also thus became involved to the extent of more than Rs. 2,000, their shares of the family property were absolved from liability, and that of the eldest brother passed over to the creditor under a foreclosure decree for Rs. 6,876. As the sons of a loyal subject who had come forward to help the Government at the time of the mutiny, the minors succeeded in obtaining the aid of the Government in securing the entire estate to them, and in paying off their own debts. The estate was accordingly placed under the Court of Wards in November last, and with a 6 per cent joint loan of Rs. 9,100 from Bindra Nawagarh and Khuji funds, the sum due on the foreclosure decree as well as their other debts were paid off for the minors. The villages are managed *Kham*, the income being wholly derived from the village rental, almost the whole of which was collected, leaving an outstanding balance of Rs. 2-2-0 only. The proprietors Puran Singh and Shyam Singh, now aged nineteen and seventeen respectively, reside in Bohardili, and cultivate nine ploughs of the 'sir' land allowed rent free for their maintenance. Both have kept good health on the whole, but the elder boy had a slight attack of small-pox during the year.

(*b*) Bahera.—(*Income Rs.* 2,218, *Liabilities Rs.* 1,219). This estate has been managed by the Collector since December last in virtue of the Civil Court's order under the Minor's Act. Originally it consisted of mauza Bahera only, belonging to one Narotam Singh, a minor, and had been managed since 1878 by his maternal grandfather Nihal Singh, against whom charges of mismanagement were established and his certificate of administration cancelled. Subsequently in May last, half shares in each of the Mauzas Bharenga, Kanadura and Parsuli were added to the estate by way of gift by Nihal Singh in favour of the minor. The rents of these latter villages had already been collected before management by Government was assumed, so no income has yet been derived from them. The gift was encumbered with petty debts amounting to Rs. 526, and Bahera was likewise indebted to several creditors in the amount of Rs. 1,118-7-0. Heavy arrears were also outstanding on account of rents in Bahera.

The whole of the rent arrears and almost the whole of the current rental demand have been realized, only Rs. 9-6-0 remaining to be collected.

The minor, now about fifteen, keeps good health and lives with Nihal Singh. He attends a District Primary School, and will shortly be admitted into the Zilla School. The 'sir' land in Bahera and Bharenga is held by Nihal Singh free of rent for the maintenance of the family and the minor also receives a monthly allowance of Rs. 4 for his pocket money.

(*a*) Parsada.—(*Income Rs.* 3,480, *Liabilities Rs.* 2,649.) The management of this little estate, consisting of a single ancestral village, was assumed by the Court of Wards in March last, under the Chief Commissioner's orders, to help the Brahmin proprietor out of his liabilities, amounting in all to about Rs. 2,800. To clear these, an initial loan of Rs. 3,000 at 6 per cent per annum interest was borrowed from Bindra Nawagarh on the security of the estate itself, and the old debts all paid.

Some portion of the income having already been realized by the proprietor before Government assumed management, the remaining rental demand (Rs. 480-5-0) was collected Kham, and credited to the estate, the charges during the year being the Government land revenue demand with cesses, the law charges incidental to the execution and registration of the mortgage deed, and the repayment of the first instalment of the three thousand rupees loan.

DISTRICT BILASPUR.

Mr. T. E. Ellison, Deputy Commr.

(*c*) Mahtin.—(*Income Rs.* 2,728, *Liabilities Rs.* 2,285). Although a large portion of the debt has been paid off during the last eight years, the payments were on account of the debt of the late Zamindar. Debts have also been incurred by members of his family and are on record, and it will have to be decided how these claims are to be disposed of. These members are like the Zamindarin at present on a somewhat short allowance, and this may be some reason for continuing the management till the debts are paid. No loan has been borrowed to meet the claims and they are being discharged *pro rata* as funds are available.

The present owner is Thakurain Kanchan-Kuwar, widow of Gajrup Singh, and she receives Rs. 10 per mensem for maintenance. The other persons supported are two nephews and an illegitimate son of Gajrup Singh who receive Rs. 8 and Rs. 4 each per mensem respectively.

The estate was visited by the Deputy Commissioner during the year.

The want of funds makes it very hard to arrange for suitable establishment and the utter isolation and jungly nature of the place make it very unattractive to suitable persons for employment. Nothing could therefore be done to remedy matters beyond putting the estate under the charge of the Naib of Pendra.

(*c*) Katangi.—(*Income Rs.* 4,370, *Liabilities Rs.* 8,247). It will be some time before the debt on this estate is paid off. The estate is in charge of a Moharir who should have been superintended by the Tahsildar of Seorinarain, but the estate has not received the attention at his hands which it should have done, and the Moharir proved worthless and has been dismissed after a report of Gunpat Rao, the Deputy Clerk of Court, who was ordered to thoroughly enquire into his conduct and qualifications during the three months he acted at Seorinarain as Tahsildar. The calls upon the Deputy Commissioner's time during the camping season of the important feudatories of Sakti and Kawarda have made it impracticable for him of late years to visit this Zamindari personally. A five years' settlement was made of this Zamindari in 1883 and has still a couple of years to run.

The margin available after paying off the instalments of the debt and defraying police charges in Bilaigarh is not sufficient for improvements.

The Zamindar lives in the Bilaigarh Zamindari which he now manages himself. He is a man of weak character and was imprisoned for a perjury in July 1885. A similar false statement of his caused a great deal of trouble in the management of Bilaigarh.

His sons appear to promise better than their father.

(c) Kanteli.—(*Income Rs.* 8,984, *Liabilities Rs.* 28,680). A claim in excess of the schedule has been discharged and a sufficient working balance left. This has however been purchased by discontinuing the maintenance of a Police force and in consequence a dacoity and burglary was committed at the end of the year. The Zamindar is Ghassi Singh, 25 years of age. Negotiations for his marriage were going on with a daughter of the Zamindar of Lohara in the Raipur district. These have however been broken off during the year by the Lohara Zamindar who alleges Ghassi Singh's bad repute and fondness for low associates or men of bad character as a reason. The Zamindar induced Ghassi Singh's two brothers who were attending school at Mungeli to come to him and betrothed them instead of Ghassi Singh, to his daughters, though they were warned with the Chief Commissioner's sanction, that he would have to support them as no allowance would be made to them if they in this way created a feud in their family. They are now both at Lohara, and Ghassi Singh has to look for a bride elsewhere.

The fourth brother is a boy of eight years of age who is attending school at Kanteli.

(b) Pendra.—(*Income Rs.* 15,684, *Liabilities Rs.* 188). This estate was settled by Colonel Vertue, in April 1883, and the settlement has still one year and a half to run.

The improvements effected during the year consist in the work on the Komoghat, which is approaching completion though it was seriously impeded by fever which attacked one after another of the sub-overseers sent to superintend it and necessitated their removal, and by a fire which destroyed some timber bridges. Wells are now being dug at likely places and these may diminish the fever and allow the ghat to be completed.

The finances of this estate are in good condition and it maintains a police establishment, a dispensary and postal runners.

The change in the management proposed last year has been made and the estate is now managed by Mr. Abdul Ghaffar, a Naib Tahsildar lent from the Government Establishment who is doing well and whose exercise of Magisterial powers is called into requisition by the constant cattle lifting over the Rewah border.

The boundary disputes with Rewah are not settled and though most of them were disposed of long ago, they are constantly renewed.

The estate was visited by the Deputy Commissioner during the year.

DISTRICT SAMBALPUR.

(c) Bhedan.—(*Income Rs.* 3,331, *Liabilities Rs.* 7,230). This estate continues to be supervised by the Tahsildar of Bargarh. Mr. J. P. Goodridge, Deputy Commr.

In the matter of estate improvements the construction of a School-building is one which was completed during the year.

The Zamindar did not interfere in any way with the management of the estate and is not known to have incurred any fresh debts.

(a) Borasambar.—(*Income Rs.* 11,941, *Liabilities Rs.* 6,717). This estate was on the death of the late Zamindar Bhagat Bariha and during the minority of his eldest son Gajendro Singh a lad aged twelve years, taken under the management of the Court of Wards with the Chief Commissioner's sanction on the 24th November 1885.

The total income of the year amounted to Rs. 11,940-11-3.

The Manager in charge of this estate has been invested with the powers of a Magistrate of the 3rd Class to be exercised in this and the adjoining Zamindari of Phuljhar.

The Zamindar's sons are :—

Gazender Singh, aged twelve years.
Purender Singh „ eight „
Narender Singh „ five „

They are at present in the care of their mother and under instruction at Borasambar. It is intended to bring them shortly to Sambalpur to be taught at the High School. The eldest boy is a sickly lad, the younger is more robust.

Owing to the confused state of things left at the late Zamindar's death, some considerable time was spent in preparing the necessary kistbandi and there has been a further delay in this matter owing to the person originally appointed as Manager of the estate and who did good work in reorganizing the Police and other Establishments showing no aptitude for revenue business.

A new Manager, Babu Harihar Padan, late Naib Tahsildar of Bargarh, has been recently appointed Manager and all outstanding rents are being rapidly got in. The administration of the estate has been thoroughly overhauled and reorganized and an efficient Police force has been established.

Four schools will shortly be opened at the following places :—

Padampur.
Melchamunda.
Gaisilot.
Jamla.

This will be the first time in the history of this extensive Zamindari of a School being established.

A good fair-weather road leading from Padampur to Bargarh with a branch road to Sohella and Binka on the Mahanadi is now under construction.

There has been a somewhat extensive failure this year of the rice crop of this Zamindari; and the above work, which it is expected will cost about Rs. 5,000, and of which it is proposed that the estate shall bear a moiety, will afford labour to the poorer classes that may be in need of it.

(*a*) Phuljhar.—(*Income Rs.* 17,697, *Liabilities Rs.* 72,539.) This estate was taken under the management of the Court of Wards with the Chief Commissioner's sanction on the 24th November 1885, owing to the mismanagement of the Rani, Mussamat Kapilas Kumari, an elderly lady entirely in the hands of untrustworthy agents who had brought the estate to the verge of bankruptcy and had entirely neglected Police and other duties which the Zamindarin is bound (under the terms of its settlement) to undertake and perform efficiently.

The total income of the year amounted to Rs. 17,697-5-11.

The financial condition of this Zamindari is most unsatisfactory and, as already mentioned, the Rani had brought the estate to the verge of bankruptcy. The debts against it amount to the enormous sum of Rs. 72,538-12-9 while the annual income from all sources is only Rs. 17,697-5-11. Fortunately most of the creditors are residents of the Zamindari and it is hoped that arrangements will be made with them for the complete liquidation of the debt, though this will necessarily take several years.

Definite proposals with this object in view are now about to be submitted for the Chief Commissioner's sanction.

The present Rani Mussamat Kapilas Kumari, the widow of Shebak Sai, is about sixty years of age. She is in good health but is of exceedingly feeble intellect and entirely under the influence of her servants. There is no legitimate heir to the Zamindari, though one Ram Chandro Sai the illegitimate son of Rana Singh is put forward by the family as the heir-apparent and for many years past has (unsuccessfully it is believed) endeavoured to get himself recognized as a caste fellow (and therefore entitled to inherit) by the leading Gond families of the part of the country such as the Rajas of Sarangarh and Raigarh.
